Message from the Director's Desk

Learning is a never-ending phenomenon, and with this ideology, Shivalik aims to create scholars, responsible citizens, and inspirational leaders who are innovative and have a strong sense of values to become good human beings. A great deal of stress is laid on strengthening the moral values, promotion of culture, social and spiritual values so that the destiny of every child can be shaped in the classroom.

We believe that in the process of acquiring knowledge, "Shivalikites" will discover and realize their infinite potential. As life poses innumerable challenges, education aims to help one successfully brave through them.

Today, the role of a school is not only to pursue academic excellence but also to motivate and empower its students to be lifelong learners, critical thinkers, and productive members of an ever-changing global society. At Shivalik, we provide an atmosphere to our students for multifaceted development, where children are encouraged to channel their potential in the pursuit of excellence. The talents, skills, and abilities of each student need to be identified, nurtured, and encouraged so that they can reach greater heights. I am confident that the Shivalikites will make themselves stronger day by day, adding a new leaf to the grandeur of the school.

Curriculum

The focus is on child's ability to think, connect and apply through thematic curriculum. The curriculum is characterized by with a unique integration of the best of educational practices. The school follows the curriculum designed by the NCERT & our learners are prepared for the AISSEE (All India Senior Secondary Certificate Examination) conducted by the CBSE (Central Board of Secondary Education) for Classes X & XII.

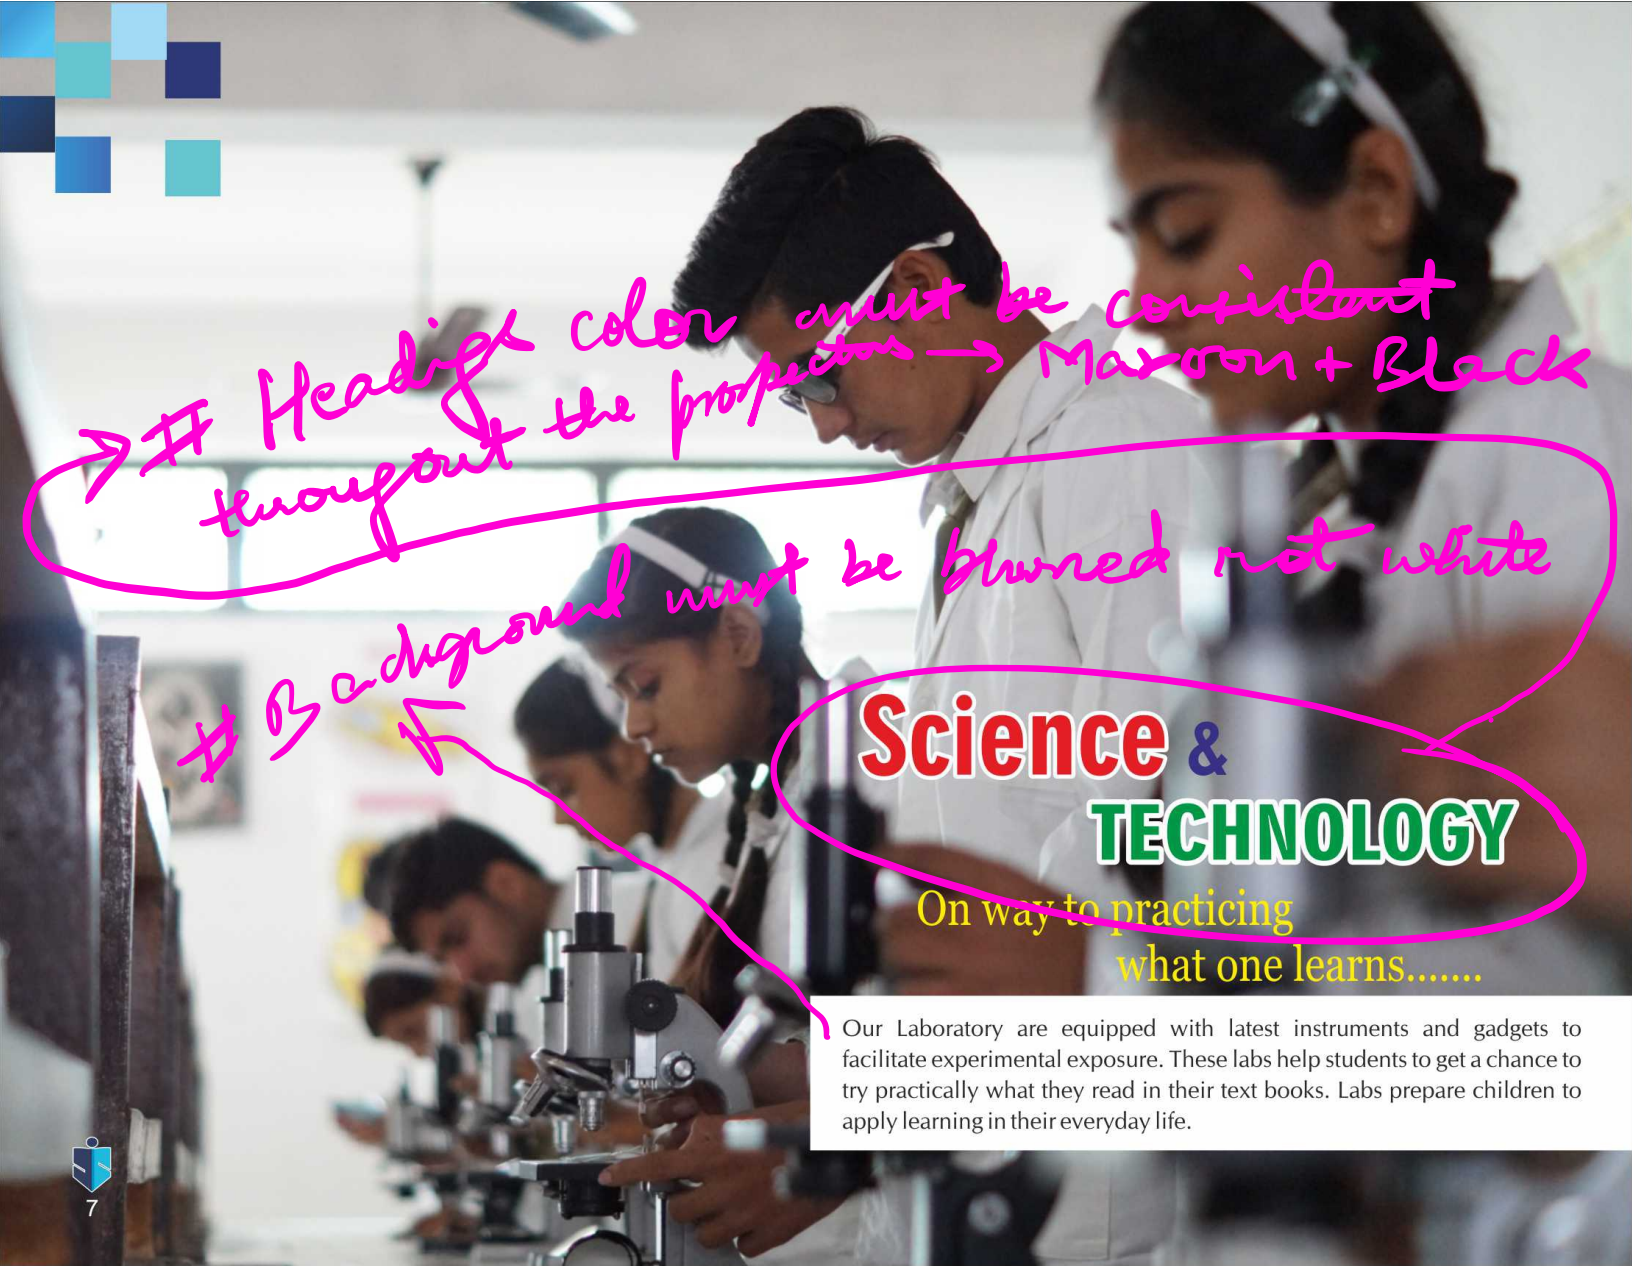

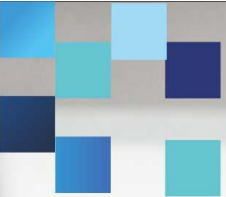

- **Pre-Primary** : We celebrate the innocence of each and every blooming bud who are the most beloved and valued responsibilities. Pre-primary school enlightens and educates tiny tots by entertaining them in a stress free, child friendly atmosphere. The teaching methods incorporate a lot of creative play based on the principle of learning by doing with the help of teaching aids like table toys, clay, block building, audio-visual aids, sand and water play, outdoor games, art & craft, amusement park and many more.
- **Middle** : At the middle school level, the curriculum is designed to provide a framework of learning to equip the learners with 21st century skills such as creativity, team work, decision making, problem solving, etc. and help them relate classroom learning to real life. *For various Higher education entrance exams & in competitive life*
- **Senior** : At this level a rigorous, academically challenging CBSE curriculum is followed to prepare students for higher education and life beyond school.

Science & TECHNOLOGY

On way to practicing what one learns.....

Our Laboratory are equipped with latest instruments and gadgets to facilitate experimental exposure. These labs help students to get a chance to try practically what they read in their text books. Labs prepare children to apply learning in their everyday life.

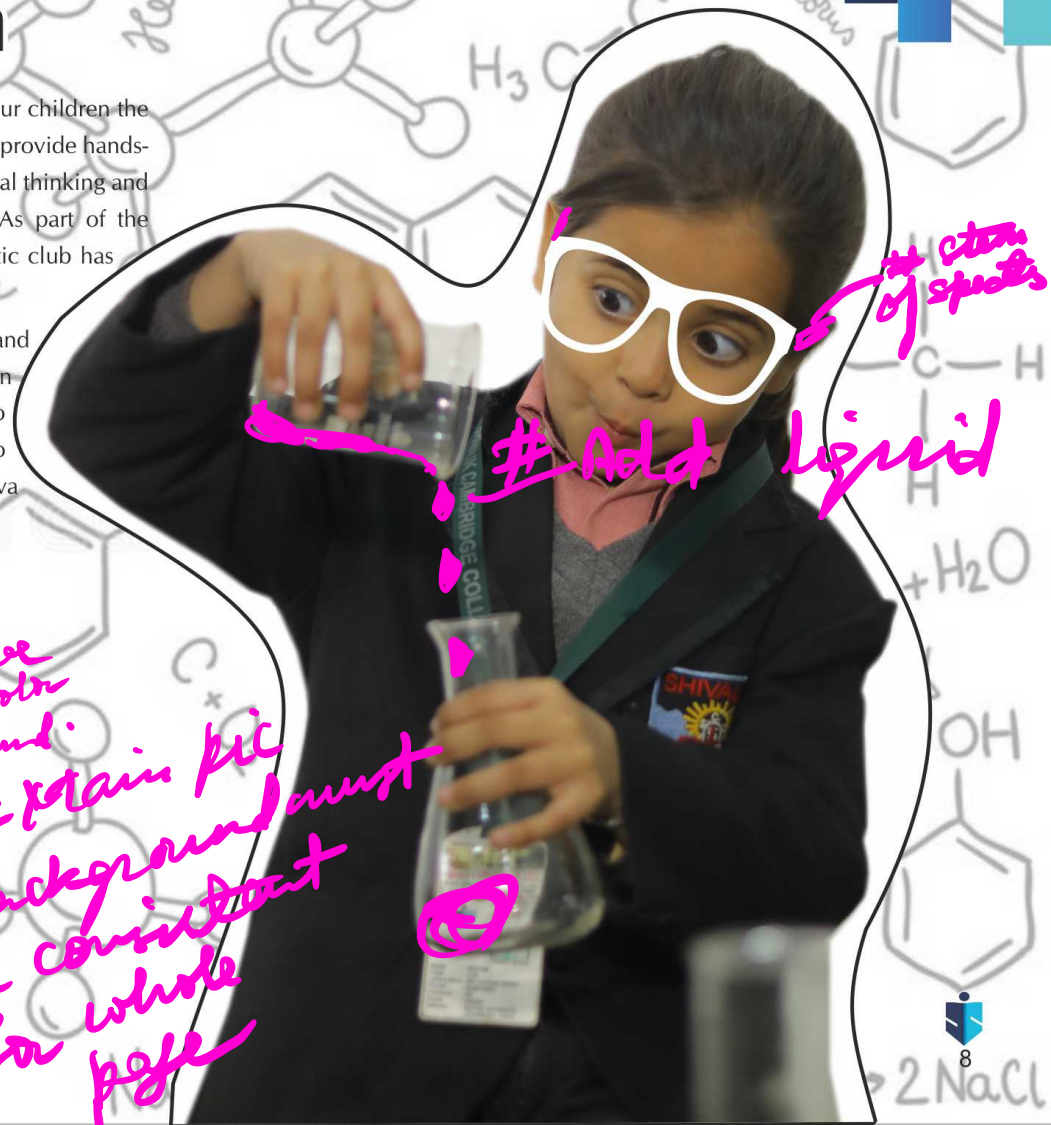

STEM Education

At Shivalik School, it is our endeavour to foster in our children the key skills of the 21st century. Every effort is made to provide hands-on learning experiences and facilitate creative, critical thinking and problem solving skills through STEM education. As part of the school's vision to promote STEM education, Robotic club has been introduced.

The Robotics Club focuses on basic assembling and programming. It provides hands on opportunities in the field of mechanics, hydraulics and electronics to foster innovation skills in students. Students are also taught graphic and web designing, coding and java programming.
